

Window Heart Card

By Jeremy Shafer

©1996

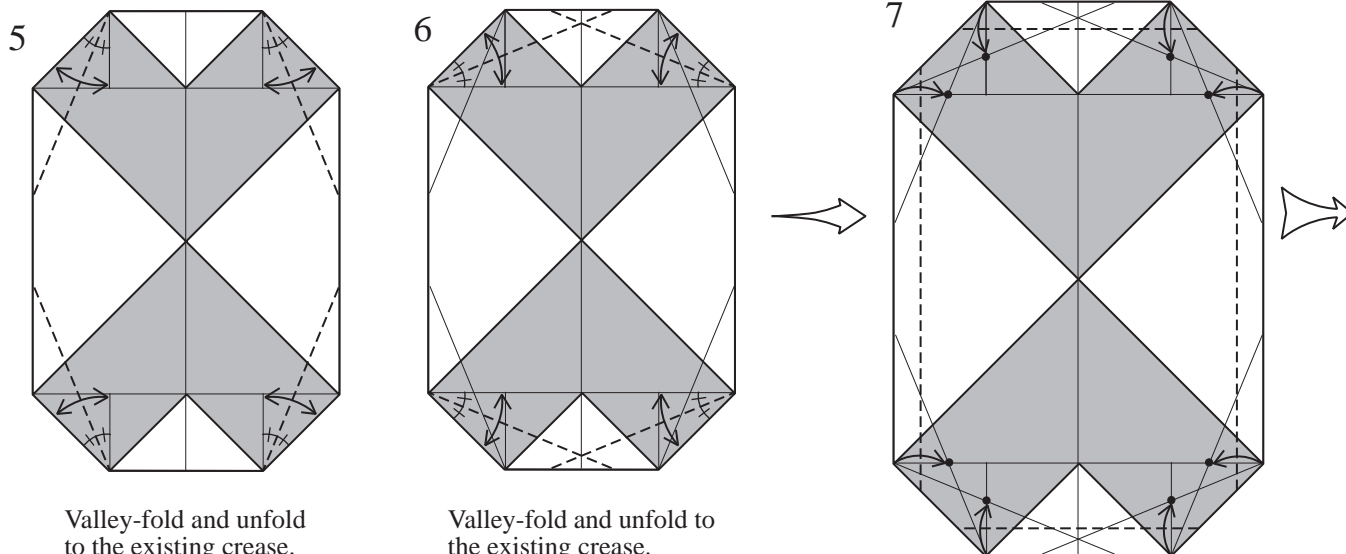

1
White side up. Valley-fold and unfold diagonally in half both ways.

2
Valley-fold the four corners to the center. Unfold the top and bottom corners.

3
Valley-fold and unfold.

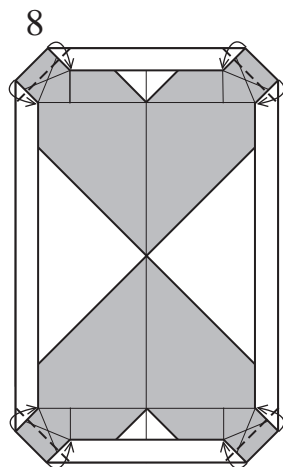

4
You could stop here... "Abstract Heart Card," but if your heart is into this model, valley-fold and unfold.

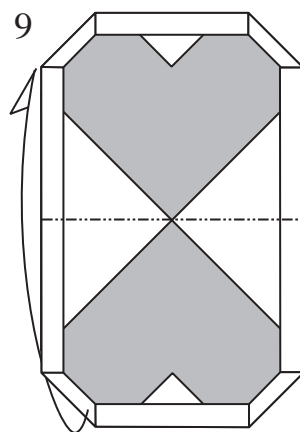

5
Valley-fold and unfold to the existing crease.

6
Valley-fold and unfold to the existing crease.

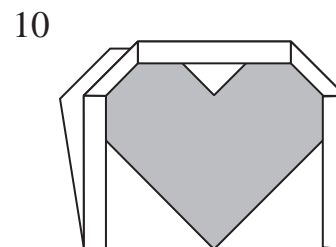

7
Valley-fold to the intersections of the existing creases (i.e. to the round dots).

8
Valley-fold to complete the rounding of the hearts.

9
Valley-fold in half, making a card with a heart on each side.

10
The completed Window Heart Card. Try folding it out of translucent paper for a stained glass effect.
